

Save your trees & plants from heat stress...

Supercharged Moon Juice and **Super Palm Juice** should be applied now to aid in faster recovery, strong fall growth and to ensure better winter survival. Both contain **Furst®** liquid which has been scientifically proven to benefit trees and plants during stressful situations. **Furst®** is a proprietary blend of proteins and amino acids which stimulate roots to absorb more water and increase nutrient uptake into the plant. Foliage and stems are stimulated with richer, stronger and more vibrant growth. Overall, trees and plants recover faster, grow better and maintain optimum health with regular applications of these products.
